

Welcome to the world of Balance / NPK, where every nutrient plays a crucial role in helping your plants reach their full potential. Blended with our signature worm extract and enriched with essential macronutrients, this formula is packed with plant-boosting power, ready to cultivate a vibrant, thriving garden.

N-P-K: Nitrogen, Phosphorus, and Potassium—the three essentials of plant nutrition. Nitrogen fuels lush, leafy growth, phosphorus strengthens root systems, and potassium supports overall health and fruit production. Balance / NPK delivers these nutrients in perfect harmony, providing your plants with what they need for lush foliage, strong roots, and bountiful, healthy harvests.

At Microtek Organics, we're not just passionate about selling organic fertilisers; we're on a mission to empower environmentally-conscious gardeners like you with the tools and knowledge to create healthier, more sustainable ecosystems. Join us in the journey towards greener, more vibrant soils and a planet teeming with life. After all, with Microtek Organics, it's not just about growing plants; it's about cultivating a brighter, greener future, one balanced formula at a time.
