

INVIGORATE | LIQUID KELP

Invigorate / Liquid Kelp—a game-changer in plant nutrition and root health! Made with our premium worm extract and enriched with three seaweeds and kelps, this formula is designed to give your plants their healthiest roots yet.

Packed with essential nutrients, amino acids, and natural growth hormones, these oceanic superfoods provide a holistic approach to plant care. They support robust root development, enhance resistance to environmental stressors, and boost overall plant vitality. With Invigorate / Liquid Kelp, your plants receive more than just nourishment—they get a complete wellness boost that fosters growth and resilience.

At Microtek Organics, we're not just in the business of selling products; we're on a mission to revolutionise the way we nurture our soils and promote sustainable practices. With Invigorate / Liquid Kelp, you're not just feeding your plants; you're investing in their long-term health and vitality.
